

INFORMATION CIRCULAR

Dear owners, co-owners and residents of Marazul,

We are coming to the end of the alarm period that in Spain will end on 21 June 2020.

In all this time, Marazul has been continuously maintained, cared for and we have carried out all the normal parameters of pool and garden maintenance. Our maintenance team has worked well and Marazul looks like the excellent urban complex it is.

Now it is time to prepare for the future and over the past few months we have done so conscientiously. Together with the management of Pierre et Vacances, their staff, our maintenance man and our staff we have planned everything so that from now on visitors to Marazul can enjoy our paradise in a safe way and with the best possible post-Covid 19 protocols.

The Committee of Marazul in which we are all represented has been active and has taken the necessary decisions to prepare it for the short term future:

1. We have ordered protection kits for our lifts that will improve the air and the cleanliness of the surfaces in the right way so that our lifts will be virus and bacteria free.
2. We have developed cleaning protocols for our pool that include the highest recommendations of the Ministry of Health and the WHO.
3. The management of Pierre et Vacances, following the guidelines of the best anti-Covid 19 protocols, directed by the tourist and health authority, has also prepared an extraordinary plan so that all our visitors feel safe in a clean environment.
4. Our security staff have been trained in the application of emergency protocols and know the necessary guidelines in case of emergency.
5. The general cleaning of Marazul will be adapted to the best possible disinfection practices, with protocols properly prepared for the appropriate purposes.
6. The occupational risk prevention departments of the owners' property and of Pierre et Vacances, in turn, have implemented safety protocols at work so that our employees are careful and free of COVID-19.

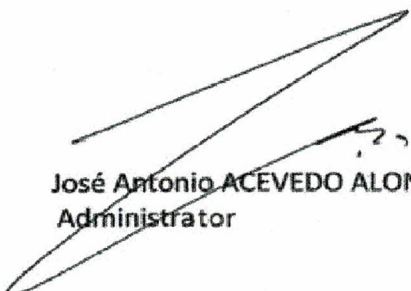

Therefore, all that is missing now is you, the owners, co-owners, tourists or tenants, who are the necessary ingredient for our Marazul to shine and smile as always.

Together we will get back to normal.

From the staff of Pierre et Vacances and the staff of the Community, we send you our best wishes for you and your family and we await you with open arms.
